This was an expropriation

We are now endeavouring to collect
costs & fees awarded to us. The

hiring a car for ~~the~~ conveying &

The costs of course when collected
would be credited to judicial.
Would it therefore be proper for us
to claim the cost of transport from

This case was brought to Court because although the parties now appearing agreed to sell the land at the assessed price by voluntary purchase under Section 6 of the Ordinance, the sale could not be completed by reason of- the Mukhtar endorsing the plan on which transfer was to be made with a note that persons other than the registered owners were in possession. The Government accordingly brought the matter to Court to prove the title ascertained, and the value assessed against anyone who might prove to be interested. The registered owners, and the persons named by the Mukhtar have been served. The latter have not appeared to the action and file no claim. Section 9 lays down that owners, occupiers, or persons who can prove a registrable interest are entitled to appear, that is at the assessment of compensation but they must beforehand submit particulars of their interest in

I also enclose a copy of my letter of the 1st of July, to which the writers refer. Subject:- Kadoorie Agricultural School-

Heirs of Salim Jawhary.

One parcel of the land expropriated for the above mentioned site is registered in the name of Salim Jawhary, whose heirs now claim ownership by succession. The heirs of Said Mustafa el Jallad also claim ownership on the ground that their father had been in possession of the property for 40 years and that after his death, one of their brothers cultivated the land on their behalf, without any interference.

2. Neither party is willing to take any steps to settle the dispute and I recommend that an application should be made to the Land Court for a Vesting Order.
